77	153RD	'Active Families' Seminars and Story Walks Plus Registration	Purchase Active Families Seminar Tickets and/or Mini Miller Story Walk Plus Activity Packs (Prices from £153.00)	'Active Families' is a seminar and 'Story Walk' mentoring programme that teaches you how to get families more active using the 153 Mile Challenge as a basis for creative and physical activity. Each day we embark on numerous journeys, trips from home to school, to the shopping arcade, the park, our friend's houses. How many times do we make these journeys without giving a thought to the world around us? Our habituation gives rise to the ignorance of the amazing stories and imaginative happenings that take place under our very noses every single day. This seminar and activity package is designed to help you to engage children and their families in exploring their immediate environment and to develop stories about the world around them. The package also encourages children and young people to be more active and enjoy 6 weeks of physical activity because of the imaginative journeys and worlds they create. Product Code: EN0077X	153	0
